

Classification Levels:			
Sensitivity Level	Description	Examples	Required Protections
Low	Public Data	Birth Year, City Name	Basic encryption, audit logs
Medium	Personally Identifiable	Name and Email	Role-based access, consent tracking
High	Sensitive/Health Data	Biometric, Health, ID Numbers	Encryption at rest, restricted access, zero-trust verification
Critical	National Security Data	Intelligence, Military, Tax Fraud Info	Confidential computing, air-gapped systems, dual approvals
